

Possible Points	Assignment	Points Earned
5 points	Make a chart that demonstrates the parallels between Theseus and Luke Skywalker. The chart should contain a listing of the twelve steps and columns listing an appropriate characteristic from the story for both Theseus and Luke Skywalker.	
10 points	Make a presentation of your chart from the above activity to a small group of family, friends or fellow students.	
10 points	Research and write a 500-word biography of George Lucas, focusing on his connection with the Star Wars movies. Include a timeline of his life and graphics.	
15 points	Write a script for an alternate ending for one of the movies in the series. Perform it, animate it, or preserve it as a script.	
10 points	Write a five-page paper comparing and contrasting Luke Skywalker and Han Solo as heroic characters.	
10 points	Write a five-page paper comparing and contrasting any two Star Wars characters as heroic characters.	
15 points	Choose a favorite character with intelligible speech. Make a costume and learn a speech from one of the movies. Dress as the character and perform the speech for an audience. Preserve the performance via video, audio, or photographs.	
10 points	Compile all of the information from this study into a notebook, scrapbook, portfolio, or webpage. All work should be neatly finished, typewritten or neatly handwritten, grammar and spelling should be correct, illustrations should accompany the text. In other words, the work should reflect a high degree of care and attention to detail. Items, such as the board game, which cannot be placed in a notebook may be photographed and included in that way.	
10 points	Independent study: Your student may work on a project of his own design in an area that interests him. Some sort of "final project" must be turned in, whether on paper, website, photographs, etc.
